Note.—The castes, etc., in the following Tables and in Tables XII to XVA and C have been arranged according to the classification given above.

The letters in columns 4 and 27 of Table XVI represent the following religions:—

H. = Hindu, Br. = Bramho. Ar. = Arya, M. = Mahomedan, C. = Christian, Ag. = Agnostic, J. = Jain, P. = Parsi, A. = Animistic, B. = Buddhist, S. = Sikh.

In cases where the caste returns more than one religion the letter in large type represents the predominating religion and the letters in small type indicate that the caste contains a few persons of the other religions given. A note of the numbers of the latter will be found in the Remarks Column.

The figures given opposite each main caste represent *the total number of persons returning the caste.* They include those who have been shown against the listed sub-divisions of the caste, as well as those who have returned no sub-division or a sub-division not locally important.

In the table main castes are printed to the left with serial numbers in large type, and sub-divisions to the right with serial numbers in ordinary type.
